

# HELP DEVELOP BALANCED VIEWPOINTS

*Gale In Context: Opposing Viewpoints* is the premier online resource covering today's hottest social issues, from capital punishment to immigration to marijuana. This cross-curricular research database supports science, social studies, current events, and language arts classes. Informed, differing views help learners develop critical-thinking skills and draw their own conclusions.

## EXPLORE MANY SIDES OF AN ISSUE

### DISCOVER A FULL RANGE OF TOPICS

With over 20,000 pro/con viewpoints, approximately 19,000 reference articles, interactive maps, infographics, and more, students will be prepared to argue any side of the issue. *Gale In Context: Opposing Viewpoints* is cross-searchable with *Gale In Context: Global Issues*.

### DEVELOP CRITICAL THINKING SKILLS

A wide range of media rich content offers differing views making it an ideal resource for debaters. A category on the National Debate Topic provides quick and easy access to content on frequently studied and discussed issues.

### ACCESS AUTHORITATIVE AND CURRENT DIGITAL CONTENT

Students can dive deeper with periodical content that covers current events, news and commentary, economics, environmental issues, political science, and more. Specific titles include *The New York Times*, *Newsweek*, *Foreign Policy*, *American Scientist*, and *Education Week*.

### EASILY LOCATE RESULTS

Download the *Gale In Context: Opposing Viewpoints* (Beta) extension from the Chrome Webstore and quickly view results from a Google search.

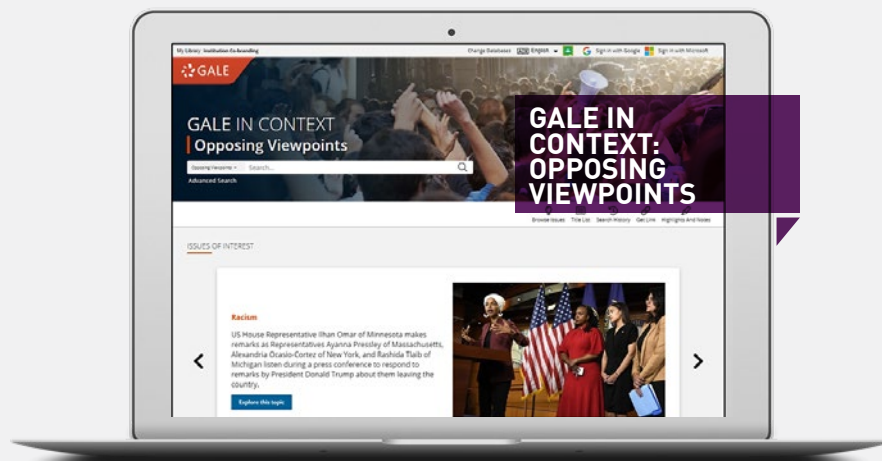

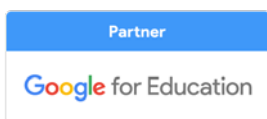

more 

“Students are required to provide a variety of sources for research projects—a book source, newspaper article, journal article—and they like the portals because they separate all of the different resources for them.”

Librarian, International Academy (MI)

## MASTER WORKFLOW

Expand access and increase discovery by integrating Gale resources into your Learning Management System. Add to that the power of **G Suite for Education** and **Microsoft Office 365 tools**, which enable users to easily share, save, and download content—including highlights and notes.

Product screen capture as of August 2019. Actual interface may vary.

### PLATFORM TOOLS

Accommodate diverse backgrounds with ReadSpeaker text-to-speech technology and on-demand article translation into over 20 languages.

### CITATION TOOLS

Integrated directly into the user's workflow, MLA, APA, and Chicago-style citations are supported. Formatted citations can be easily imported from single or multiple documents to services like EasyBib or NoodleTools.

### HIGHLIGHTS AND NOTES

Organise, save, and share highlights and annotations within content.

### SEARCH FUNCTIONS

Researchers can search by Lexile range or find content based on basic, intermediate, and advanced levels of complexity.

### CURRICULUM-ALIGNED CONTENT

Content is aligned to national standards and Common Core State Standards.

The *Gale In Context* suite of student databases meets the needs of today's learners with a user-friendly, mobile-responsive design. Eye-catching, engaging, topical resources provide current, authoritative, media-rich content that seamlessly integrate with curriculum-aligned materials that span core subject areas.

Get the most out of your investment. Add *Gale In Context: For Educators*, a specialised toolkit that lets educators collect, organise, customise, and share instructional materials sourced from your *Gale In Context* databases.
